

Career Technical & Agricultural Education

The Washington County School System offers career and technical education programs at Washington County High and Middle Schools. These programs are designed to prepare youth for a broad range of employment and further education opportunities and are offered under the guidance of certified teachers.

The following programs are being offered this year:

- Agriculture, Food & Natural Resources
- Automotive
- Business Management & Administration
- Construction
- Education & Training
- Finance
- Graphic Design & Communications
- Health Science
- Information Technology (Digital Design, Computer Programming)
- Metals (Welding, Precision Machining)

All career and technical education programs follow the system's policies of nondiscrimination on the basis of race, color, religion, national origin, sex, age, and disability in all programs, services, activities and employment. In addition, arrangements can be made to ensure that the lack of English language proficiency is not a barrier to admission or participation.
